

The Summer Professional Development Series

Please join us for the Summer Professional Development series. The series will take place July-August in MRL 2053.

Date	Location and Time	Topic
Wednesday, July 12	MRL 2053 12:00 – 1:00 pm	LinkedIn: Presented by UCSB Career Services, this workshop is more advanced and geared toward those that have a LinkedIn account and want to know more about how to use it effectively. You will learn how to maximize LinkedIn to network for research opportunities, careers, and graduate school.
Tuesday, July 25	MRL 2053 12:00 – 1:00 pm	Figures for Presentations: Presented by Prof. Ram Seshadri. This workshop is for Science and Engineering researchers who care about clarity, legibility, information content, and aesthetics in data presentation for publications, presentations, and reports.
Wednesday, August 2	MRL 2053 12:00 – 1:15 pm	Planning for Graduate School: This workshop will include a panel of graduate students who can answer your questions regarding applying and attending graduate school. This workshop is designed for everyone whether you are not sure graduate school is for you or you are already planning to apply in Fall.
